

**For each statement, mark how strongly you disagree or agree.**

	Strongly Disagree 1	Disagree 2	Neutral 3	Agree 4	Strongly Agree 5
Open space in cities should be turned into parks.					
The world would be a better place if more people believed in God.					
College should be accessible to everyone. Society should make every effort to make sure everyone can attend university.					
Saving wildlife and protecting habitat should be a top priority for city planners.					
Businesses should be regulated based on what consumers want and are willing to pay for, not by rules set by the government.					
Families should have a right to send their children to the best schools, even if it those schools are outside their neighborhood.					
Landlords should have full freedom to decide who they rent to and what activities are allowed in their properties.					
Businesses should be judged by their ability to generate profit.					
If somebody owes a debt (\$\$), it is his/her responsibility to pay it back no matter what.					
Farmers should have the freedom to do whatever they want with their land including what they grow and how they raise the crops.					

## Neutrality and Bias: Making a Space for Fruitful Collaboration

<b>Bias is...</b>	<b>My biases....</b>
<b>Neutrality is:</b>	
<b>Bias/Neutrality For Parties</b>	<b>Bias/Neutrality For Facilitators</b>
<b>Complications? Is this possible?</b>
